PROJECTS

Nemuno banga is an experienced manufacturer of a wide range of cigarette filters based in Lithuania. Company has been doing successfully from 1993 and exporting worldwide. During this time cooperating with the biggest companies around all the world, like Universal Leaf Tobacco, Philip Morris International, BAT, Imperial tobacco group. In 2002 organized international conference "50 years with acetate tow. A modern cigarette" and have made a report during the conference. Starting from 1997 company started new production – PET preforms. In a few years the company became a leading plastic PET bottle producer and supplying our products to the famous beverage producers (Coca Cola, Pepsi Cola, Carlsberg Group, In Bev). Business development in 12 countries, managed more than 30 manufacturing and trading companies(2000 empl.). In 2003 Nemuno Banga Group made investments to build 87 million euro PET (polyethylene terephthalate) raw material plant outside the port city of Klaipeda, Lithuania. Nemuno Banga had a 3% share of the European PET market.
